

Denver Area Thrift & Consignment Stores

Updated 12/29/20. Bargain hunters, this is for you. Here's a long list of thrift and consignment stores in Denver, Boulder and beyond. There's a fine line between a thrift store and a vintage store and we'll take the heat if you think we've inaccurately categorized a specific retailer. We don't pretend this list is comprehensive. There are certainly others out there. Please feel free to email info@milehighonthecheap.com and let us know what we've missed. We'll add them when we can. Also, please include the URL of the store's website. Make sure to [subscribe to Mile High on the Cheap](#) so you don't miss any deals.
